**Nels,
children
entertainer**

California children's entertainer, Nels, makes his Reno debut with an enchanting sing-a-long, clap-along, play-along show that should captivate children and adults alike. Nels is the founder and artistic director of the annual San Diego International Children's Festival. Known for inspiring active involvement, Nels taps young audiences into the power source of musical fun. A guitar named George lends lively accompaniment to original and popular songs that glow with warmth and love. Parents are encouraged to bring their children to see this irresistible performer.
